

## SoundSense Syncork

SoundSense Syncork is a sound reducing underlayment for ceramic tile and natural stone floor systems. Being a synthetic cork product, it will not rot, support mold and mildew, or absorb moisture like real natural cork.

### Required Accessories:

- Perimeter isolation foam or 1 ½" Syncork strips cut from roll

### Optional Accessories:

Tile adhesive

### Physical Properties:

Roll Size: 4' X 100'  
Roll Weight: 40 lbs.  
Thickness: .1875" or 5mm

### Acoustic Performance:

Building Construction	IIC	FIIC
Wood Structure	IIC 53	Under Testing
Concrete Slab (6" Slab) (no ceiling)	ΔIIC 22	FIIC 59

*Test procedure methods per standards set forth by ASTM E492-90, ASTM E-989-89, ASTM E-1007-97, and ASTM E-2179-03*
