

BARRIER/ABSORBER

QA4

SoundSense **QA4** is an absorptive, quilted fiberglass that provides an effective, economic means of noise reduction. **QA4** is available with a double vinyl or fabric facing or with a vinyl facing on one side and a scrim facing on the other. It comes in colors of gray, white, tan, or black, and in bound or unbound rolls.

Features:

- Class A flammability
- Quick installation or relocation using Velcro or grommet kit
- Maximum performance using both a noise barrier and sound absorber
- Durable and versatile
- Available in EXT finish for heavy-duty, all-weather use, or Silicone for high temp use
- Available in a variety of colors

Applications:

- Residential
- Commercial
- Industrial
- Permanent or temporary dividers between noise sources
- Machinery or equipment enclosures
- HVAC fans and condensers
- Mechanical room separation
- Recessed speaker enclosure
